What programs, events, or workshops would you like to see at the Leeward CC Library?

John Signor on the nose flute and other Hawaiian instruments.

It's ok

An MLA format workshop might be useful. Introduction to databases would be a useful workshop that perhaps some online students could attend.

Maybe regular workshops on using particular databases in-depth for students to attend?

Math workshop

More workshops with contents that were like in the info lit exam. I am a more hands on and visual learner and I feel this would be helpful especially for new students.

i don't know i use the library just to study

Open Mic

Maybe, move the SQ Workshops, so students can see it happening and join in?

The prizes for events, Arts, Music, culture.

More workshops for Financial Aid services

book Fairs

more beginner computer classes

book clubs

More tech related. Programming, ethical hacking, electronic security, etc.

science events

Maybe more workshops on how to get federal employment.

Some arts and comics workshop that sparks my interests.

financial workshops

I like the english class that has introduced us to the library, so I would like to have more classes that attribute some study and research times along side at the library.

They have everything that I need so far.

I mean it is a library that has a coffee shop. It is nice but wouldn't mind an upgrade. :D

Time management

What the Library does currently is awesome!

Having a board for volunteer work or a for sale section would help improve the community and strengthen the school and student relationship.

learning programs

Bring the Leeward campus programs to the Waianae campus.

need more study group room available
Intracampus loan needs to be expanded.

More interactive guest speakers

More writing programs.

Hawaiian Sheet Music

There are a lot of good organizational workshops, more of those maybe.

native arts

The seed parties

parent teacher conference

Satisfied

I love the library the way it is

Exhibits

I would like to see more note taking workshops.

For my students, I’d like to see Saturday hours reinstated.

Writing Essay Workshops

Creative writing

How to navigate through the leeward learning resource website.

Workshops

Board game days

Everything is great

Intro Photoshop classes

something more life skills and less academic skills

How to do research on your website

What do you like best about the Leeward CC Library?

The friendly circulation people

The writing center, borring laptops/the use of computers, studying areas, & the LRC.

Easily accessible resources

The study rooms

2nd floor study area

Library

The librarians

How accessible librarians are, and how eager they are for collaboration.

The atmosphere in the commons area.
That it is helpful, comfortable in a public atmospheric place.

the resources
the convenience of resources; computers, laptops, books, silent areas, and close by home or we can go online

always available when I need it
Working up the 2nd floor for group session.

That you can study in a quite area
People work in the libray
I have no idea, feels like a library.
Irc they help alot

Study rooms
staff is very helpful and friendly
There is a lot of support resources to turn to.

Caring, super competent, and innovative staff!
There are resources that will help me with my class assignments and staff are friendly and very helpful.

study area
The library staff is extraordinarily helpful.

excellent staff
What I like best about the Leeward CC Library are the computer resources, being able to print, and the areas to study quietly at. It helps me to be an effective student on campus and for my classes.

the computers
The coffeeshop in the Library

Computer access, fast and friendly assistance
That there is actually a Leeward CC Library

It's quiet
Its study desks with computer and space to study with on the desk

Everything
Lap top and tablet accessible. Librarian is very helpful.

The online resources avilable

central location, has most of what i need.
Staff and faculty are friendly and helpful

organization

coffee shop

The Air Condition is very cooling.

</table>
What can be improved at the Leeward CC Library?

| More computers and computer experts. Invite the Hub to stay in the library. |
| Nothing, everything fits my needs |
| Teachers |
| I hope the library opens at 7 a.m. |
| Allowing more tables to be seated at. |
| more resources and help available |
| Renovate restrooms |
| Need more study rooms |
| Have music play in the background, don’t make it so quite that your scared to make a noise. |
| Longer Hours for library use, during spring break would help. |
| the noise from coffee shop and students on first floor computers. |
| open later and on weekends |
| Plugs at the tables to charge the computers a bit easier, more advanced way for printing. |
| more room |
| More desks on the 2nd floor for studying. |
| Charging chords |
| better seats, more seats, better printing system |
| need more chair |
| Staying open longer on fridays. |
| It has met my expectations. |
| Everything is great. |
| No pets allowed. |
| No suggestions at the moment, the programs and sources are always updated |
| Would be nice if we could borrow laptops over night for homework. |
| Keeping the noice outside especially first floor. |
| Bigger coffee shop |
| nothing keep up the great work |
| opening hours need to be earlier about 0630. more cushion chairs for people with back problems. |
| better coffee needs to be made there. |
| Keep up all your efforts! |
| There’s nothing I can think of to improve our library, I think the programs and the way it’s set up is working very well to help the students. |
| more computers |
Let's give the library more funding!

staff help

Something needs to be done when groups are in the library and they do not put chairs back and they leave their mess on the table. Noise on the 1st level can be excessive and that is extremely annoying when you are trying to study.

More books, electronic or otherwise.

more computer desks for students, its getting crowded lately

More interaction from the librarians. More hands on, asking if we need assistance.

maybe have a better map layout of the library as it is easy to get lost sometimes if i'm not familiar with the area.

more desks to study on without computers on them

More spatially placement of desks and computers. It feels compact and tight.

More emphasis on voice and noise level consideration would improve the study environment for many students by reducing distractions.

more open hours on fridays

It's fine

Longer hours of operation. I realize weekend hours are not likely feasible, but longer hours--perhaps until 9 p.m. or 8:30 p.m.--would be ideal.

I believe that monitoring the noise level on the 2nd floor of the library would be a great opportunity for everyone using the computers as well as the study areas to concentrate on class work. Also, monitoring the amount of people studying with the use of the desktop computers would be helpful as well.

Saturday hours.

Maybe allowing students to take naps. Some of us have long days and need a nap to recharge. So of us dont have cars to go to and do that and it is the perfect place, it's quiet and it's in a cooled environment

Noise control on the first floor.

Add a couple more computers as sometimes I need to print something before class and they are all in use.

Everything seems okay. No need for any improvements.

More computers

Need more guiding

More seating

Print over wifi

more books and longer borrowing times

Possibly open on Saturdays
